Corporate Governance REVIEW

The essence of all Corporate Governance guidelines is an acknowledgment that societies and economies have an overriding stake in the development and vitality of quoted companies. The requirement for good corporate governance is an essential part of modern business life. Shareholders are focusing increasingly on the governance of quoted companies, as well as on their financial performance, on the basis that good governance leads to good performance.

Learning Objectives & Benefits:

This workshop helps participants

- Recognise the requirement of a good Corporate Governance;
- Be aware of the value proposition of a Corporate Governance review;
- Understand the practical implementation and steps of a Corporate Governance review;
- Gain insights to proven methodology tools and practical tips in conducting a Corporate Governance review.

Duration:

- **Public training** – Two days.
- **Corporate training** – Duration will vary according to the customized requirements of clients. Value-add services include consulting services to coach the team involved in Corporate Governance Review.

Method and Mode of Delivery:

- Classroom workshop with case study illustrations, simulation project work and interactive class discussions;
- For corporate training, contents can be further customized to suit the objectives of the organization, with inclusion of consulting and coaching session.

Target Audience:

This programme is designed to provide Chief Audit Executive, Governance and Compliance Senior Executive and Internal Audit Practitioners with a set of practical tools and techniques for conducting a corporate governance review within their organisation, in line with the International Professional Practice Framework Standard 2110.

Course Outline

- Introduction to Corporate Governance Best Practices.
- Concepts and Rationales.
- Tools and Techniques.
- Reporting Examples and Result Alignment to Meet. "Stakeholder" Expectations
